

## Environmental Policy

Emera Utility Services shares in the desire to enjoy the benefits of a sound economy in a healthy and sustainable environment, and is committed to conducting its business in a manner which is respectful and protective of the environment and in full compliance with legal requirements and company policy.

In delivering on our commitment, we:

1. Strive to make pollution prevention our first priority as we plan for and perform construction activities in the environment.
2. Make environmental considerations integral to our decision making as we pursue value to shareholders and quality services to customers.
3. Work with employees and customers to promote efficient use of products and services associated with our business.
4. Establish goals and objectives to improve our environmental performance.
5. Develop, verify, and continually improve environmental management systems through strong management leadership and employee commitment.
6. Communicate with all stakeholders on our environmental performance in a proactive and open manner.
